This thoughtfully crafted one-and-a-half-story home blends the ease of ranch-style living with flexible space for today's lifestyle. Three bedrooms are located on the main level, including a spacious primary suite featuring a tray ceiling, dual vanity, soaking tub, and a beautifully tiled walk-in shower. The heart of the home is the open family room with soaring cathedral ceilings, custom built-ins, and a seamless connection to the designer kitchen. The kitchen is equipped with a custom accent island, under-cabinet lighting, niche shelving, and a bright dining area, creating an ideal setting for both everyday living and entertaining. Just off the garage, a functional mudroom with drop zone leads into a dedicated laundry room, adding everyday convenience. Upstairs, you'll find a large bonus or playroom, a full bath, and ample storage space with both walk-in and knee-wall access. Situated on an expansive 2.39-acre homesite with no HOA, this property offers both privacy and room to enjoy the outdoors. The front yard will be sodded for a polished curb appeal, and the home is projected for completion by the end of May. Ask about available buyer incentives. PeachtreePlace2026!
